

Make a Life Hack

Maker Connect

Homework. Chores. Bedtime. Mealtime. What could make life less “ho-hum” and more fun!? Life hacks can!

Life Hacks are the original inventions! People have always been making things to improve how we live and do things. Life hacks are inventions you can make yourself by remixing everyday objects and materials in new ways. Some life hacks are old tricks or shortcuts. Some life hacks are tools to fix something, and some can help you be more organized in a fun way. In this lesson, you will create an invention to help solve one of the little problems in your life at home, school, or play!
