

Activity Name: _____

Student Name: _____

Date: _____

How did you do?

Directions: Circle the brick that shows how well you did. The bigger brick, the better you did.

<p>I asked questions to understand what to do. I understood what to do.</p>	
<p>I made predictions and tested my model. I made observations and gathered data.</p>	
<p>I shared my ideas. I listened to my team.</p>	
<p>I used scientific words. I used fair testing.</p>	

Describe what you did (Draw, write or add a photo):

Tell someone what you learned...
