1

BOUWEN

Ontwerp een LEGO® dier dat iemand anders moet bouwen. Gebruik vijf stenen of minder.

2

CODEREN

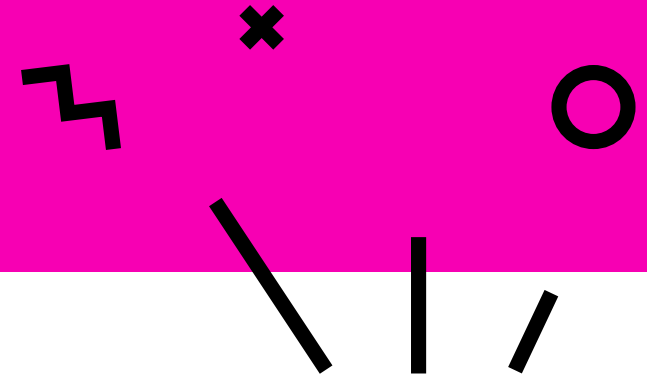

Schrijf op welke stappen je moet volgen om het model te bouwen. (Programmeurs noemen dit *pseudocode*.)

3

PROGRAMMEREN

Laat een klasgenoot het model bouwen aan de hand van jouw pseudocode. Je klasgenoot moet alle stappen nauwkeurig uitvoeren en mag je model nog niet zien. Hij of zij hoort dus alleen jouw instructies.
