

## Miniature Golf

### Learning values

- Creative development
- Exploring numbers
- Exploring simple additions
- Using expressive language

### Recommended materials

- 9020 LEGO® Soft Starter Set
- A broom, a soft ball

### Vocabulary

Encourage the use of these words during the activity:

- Play
- Hit
- Hole
- Hole-in-one
- Score
- Add up
- Ball
- Broom

### Activity

Lots of children (and grown-ups) enjoy playing mini golf. Have the children build their own mini golf course using LEGO Soft bricks.

Hand the first player a soft ball and a broom, and see how many shots it takes for him/her to get the ball in the first hole. Give each hole a number and let the children add up their scores as the game progresses.
