

Guess What I Do?

– with LEGO® DUPLO® figures

Learning values

- Recognizing and naming different features
- Developing language relating to characters and their functions
- Asking precise questions

Recommended materials

- 9224 Community People Set
- 9071 Large LEGO® DUPLO® Building Plates

Vocabulary

Encourage the children to use descriptive language during the activity.

Activity

Place the World People Set figures randomly on a DUPLO building plate in the middle of a group of 2 to 5 players. Each player in turn thinks of a character and describes the character's job, place of work, etc. by saying: "The figure I am thinking of ...". Only prompt one piece of information about the character at a time!

The player who first guesses the character takes the figure and the winner is the one with the most figures at the end of the game.
