

LEGO[®] Education

Accessibility Commitment Statement

LEGO[®] Education is committed to providing an inclusive and accessible experience for all users. We strive to implement, maintain, and increase the accessibility of LEGO[®] Education SPIKE[™] App by adhering to available standards and guidelines. We understand that accessibility is an ongoing process that needs continuous attention.

As part of our commitment, LEGO Education engaged with Perkins Access, a division of Perkins School for the Blind, to help us ensure that SPIKE[™] native application and web app conforms to the World Wide Web Consortium's (W3C) [Web Content Accessibility Guidelines \(WCAG\) Version 2.2 Level AA](#) requirements to the maximum extent possible. These guidelines explain how to make web content more accessible for people with disabilities.

We welcome your feedback on the accessibility of the SPIKE[™] App. Please let us know via our [Support Portal](#) if you encounter accessibility barriers in accessing any area of the app.
